

LifeTime Benefit Term

Life Insurance— Valuable protection for your loved ones

You work hard to provide a good life for your family. However, what if something happened to you? Would your family be able to continue covering expenses you may have today like mortgage payments, childcare, credit card payments, college tuition and other household expenses? What about burial expenses or expenses for long term care like nursing home or assisted living care?

Many families would struggle, especially if the primary wage earner died. And few families are able to afford nursing home care without some type of financial assistance.

LifeTime Benefit Term can help.

LifeTime Benefit Term Provides You with the Protection Your Family Needs

LifeTime Benefit Term helps protect you and your family if you were no longer able to provide for them. Your family can receive cash benefits paid directly to them upon your death that they can use to help cover expenses like mortgage payments, credit card debt, childcare, college tuition and other household expenses.

Cash benefits can also be paid directly to you while you are living for long term care expenses.

You Decide How You Want to Use LifeTime Benefit Term Benefits

When you make the promise to protect your family with LifeTime Benefit Term, there are several ways it can work.

As Life Insurance

LifeTime Benefit Term protects your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

For Long Term Care** (LTC)

If you become chronically ill,** LifeTime Benefit Term will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

- Your death benefit will reduce proportionately each month as you receive benefit payments for Long Term Care. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero.
- With Extension of Benefits*, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 25 more months of benefits, for a total of 50 months of LTC benefits.

Restoration of Your Death Benefit†

Ordinarily, accelerating your life coverage for Long Term Care benefits can reduce your death benefit to \$0. While in force, this rider restores your life coverage to not less than 50% of the death benefit on which your LTC benefits were based, not to exceed \$50,000. This rider assures there will be a death benefit available for your beneficiary until you reach age 121.

How LifeTime Benefit Term Can Be Used

Term Life Insurance Built for Today

Guaranteed Premiums*

Life insurance premiums will never increase and are guaranteed to age 100. Thereafter no additional premium is due while the coverage can continue to age 121.

Guaranteed Benefits During Working Years

Death Benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. While the policy is in force, the death benefit is 100% guaranteed for the longer of 25 years or age 70.

Guaranteed Benefits After Age 70

After age 70, when income is less relied upon, the benefit is guaranteed to never be less than 50% of the original death benefit.

Paid-up Benefits

After 10 years, paid-up benefits begin to accrue. At any point thereafter, if you stop paying the premium, a reduced paid-up benefit is issued and can never lapse. That means when you retire, you can stop paying the premium and have a death benefit for the rest of your life—guaranteed.

Long Term Care (LTC)*†

If you need LTC, you can access your death benefit while you are living for home health care, assisted living, adult day care and nursing home care. You get 4% of your death benefit per month while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

Contingent Benefit

If your LTC rider premiums were to be increased and would cause you to lapse your coverage within 120 days of an increase, you may reduce your benefit amount without any increase in premium or convert LTC coverage to paid up status equal to 100% of all LTC rider premiums paid, or 30 times the daily nursing home benefit allowed under the LTC rider.

Extension of Benefits**

Extends the monthly Long Term Care benefit for up to an additional 25 months, after 100% of the base death benefit has been used for LTC.

Terminal Illness

After your coverage has been in force for two years, you can receive 50% of your death benefit, up to \$100,000, if you are diagnosed as terminally ill.

Good things happen every day, and unfortunately hardship happens too. Let us help you protect everything you value.

Additional Benefit Option†

Child Term

Death Benefits available up to \$25,000. Guaranteed conversion to individual coverage at age 26—up to 5 times the benefit amount.

* LTC and Extension of Benefits premiums may be adjusted based upon the experience of the group or other group characteristics that may affect results. Premiums will not be increased solely because of an independent claim. New premiums will be based on the insured's age and premium class on the rider's coverage date.

** Chronically Ill Individual means an Insured who has been certified by a Licensed Health Care Practitioner as: 1) being unable to perform, without substantial human assistance, at least two activities of daily living (bathing, continence, dressing, eating, toileting, and transferring) for a period of 90 days; or 2) the Insured has a severe cognitive impairment that requires substantial supervision to protect the insured from threats to his or her health and safety. Certification by the Licensed Health Care Practitioner of the Chronically Ill Insured must occur at least once every 12 months
